Subject Index to Volume 188 (July–December 1978)

A

Abdominoperineal resection, endorectal mucosal resection without proctectomy as an adjunct to, for nonmalignant conditions, 245
Alfred Blalock, presidential address, 255
Alimentary tract duplications, in children, 669
Allotransplantation, renal, jaundice after, 783
Amino acid(s), derangements in patients with sepsis, 423
entero-oxyntin and, some properties shared by, 181
muscle and plasma, after injury, 797
Amputation, above the knee, failure of low dose heparin to prevent pulmonary embolism after hip surgery or, 468
Anastomosis(es), end-to-side, data favoring for esophagogastrectomy, 22
stapled gastrointestinal tract, 689
Aneurysm, abdominal aortic, leg ischemia following surgery for, 166
Aneurysm(s), thoracoabdominal and abdominal aortic, progress in treatment involving celiac, superior mesenteric and renal arteries, 404
Antibiotics, intravenous and intraperitoneal aminoglycoside, in the prevention of wound infections, 66
Antibiotic concentration, in human wound fluid after intravenous administration, 202
Antibiotic prophylaxis, in vascular surgery, 283
Arterial injury, carotid management of penetrating, 587
Arterial obstructions, multiple level, preoperative estimation of runoff in patients with, as a guide to partial reconstructive surgery, 663
Arterial prostheses, porous, preclotting of, 611
Artery, abdominal aorta, leg ischemia following surgery for aneurysm, 166
abdominal aorta, surgery in the presence of a horseshoe kidney, 71
carotid, asymptomatic bruit, 308
carotid, endarterectomy, 748
embolectomy, improved limb salvage after, 153
iliac, iatrogenic internal hernia involving the, 49
popliteal, endarterectomy for segmental occlusive disease, 43
celiac, superior, mesenteric and renal, progress in treatment of thoracoabdominal and aortic aneurysms involving, 404
superior mesenteric, surgical management of acute occlusion of, 721
Atony, acute, persistent postvagotomy, relief by metoclopramide, 439
Atresia, biliary, portoenterostomy procedure for, 351
Atrial myxoma, unusual aspects, 240
Autogenous profundaplasty, 817
Autotransplantation, adrenal, surgical management of Cushing's syndrome with emphasis on, 290
experimental cryopreservation and, of parathyroid glands, 16

B

Ballistic injury, a new nonpenetrating, 753
Bile duct, percutaneous cytodiagnosis of carcinoma of, and pancreas, 90
Blood flow, muscle, following thermal injury, 778
Breast, postmastectomy reconstruction, 773
Bruit, carotid, asymptomatic, 308
Budd-Chiari syndrome, iliac-mesenteric-atrial shunt procedure for, complicated by inferior vena caval thrombosis, 642
treatment by side-to-side portacaval shunt, 494
Burn patients, association of sepsis with an immunosuppressive polypeptide in the serum of, 209
Bypass, intestinal, a modification, 697

C

Carcinoma, breast, combination chemotherapy followed by skin grafts in the management of locally advanced, 666
breast, male, 60
breast, primary, correlation of estrophilin content of, to eventual endocrine treatment, 372
cloacogenic, 53
colon, management and survival of, results of a national survey by the American College of Surgeons, 716
colon, metastatic, extrahepatic biliary obstruction by, 593
colorectal, clinical correlation of an autopsy study of recurrent, 623
colorectal, use of CEA as an indicator of early recurrence and as a guide to selected second-look procedure in patients with, 481

gastric, clinical correlates of resectability and survival in, 711
invasive, colonoscopy and the management of polyps containing, 638
medullary thyroid, relationship of methods of diagnosis to pathologic staging, 377
midrectal, abdominosacral resection for, 475
multifactorial analysis of melanoma, 732
non-metastasizing fibrosarcomas, decreases in histamine forming enzyme activity in hamsters with progressive tumor growth, 175
pancreatic and bile duct, percutaneous cytodiagnosis of, 90
pancreatic cystadenocarcinoma, clinicopathologic study of 21 cases, 679
thyroid gland, medullary, provocative agents and the diagnosis of, 139
Caustic(s), treatment of caustic injuries of the esophagus, 675
CEA, use as an indicator of early recurrence and as a guide to a selected second-look procedure in patients with colorectal cancer, 481
Chemotherapy, combination, followed by skin grafts in the management of locally advanced breast cancer, 666
Cholangiography, manometric, one per cent incidence of recurrent gallstones six to eight years after, 562
Colitis, ulcerative, cancer risk in extensive, 824
Colon, colorectal carcinoma, use of CEA as an indicator of early recurrence and as a guide to a selected second-look procedure in patients with, 481
midrectum, abdominosacral resection for carcinoma of, 475
perforation, after kidney transplantation, 109
Crohn's disease, temporary loop ileostomy in the treatment of, 706
Cryopreservation, experimental autotransplantation and, of parathyroid glands, 16

E

Embolectomy, arterial, improved limb salvage after, 153
Embolism, pulmonary, failure of low dose heparin to prevent, after hip surgery or above the knee amputation, 468
Endarterectomy, carotid, 748
popliteal artery, for segmental occlusive disease, 43
Entero-oxyntin, amino acids and, some properties shared by, 181
Enzyme activity, histamine forming, decreases in of non-metastasizing fibrosarcomas in hamsters with progressive tumor growth, 175
Esophagocardioplasty, results with gastric patch in the treatment of esophageal Achalasia, 38
Esophagogastrectomy, data favoring end-to-side anastomosis, 22
Esophagus, caustic injuries of, treatment, 675
esophageal achalasia, results of esophagocardioplasty with gastric patch in the treatment of, 38
short, with strictures, surgery for, 341
use of the stomach as a substitute for, 606
Estrophilin content, correlation of primary mammary cancer to eventual endocrine treatment, 372

F

Fistulas, gastrointestinal, external, management of, 460
Fungal infection(s), in renal transplant recipients, 598

G

Gallbladder, gallstones, recurrent, one per cent incidence of, six to eight years after manometric cholangiography, 562
Gastric acid, serum gastrin responses and, effect of selective proximal vagotomy and truncal vagotomy on, to a meal in duodenal ulcer patients, 431
Gastrin release, feeding stimulated Heidenhain Pouch acid secretion and, effect of proximal vagotomy on, 647
Graft(s), arterial bypass, canine, human umbilical veins and autogenous veins as, 158
polytetrafluoroethylene, expanded, a prospective randomized study of three, as small arterial substitutes, 743
sequential femoral-tibial, for limb salvage, 685
skin, combination chemotherapy followed by, in the management of locally advanced breast cancer, 666
thyroid, influence on histocompatibility and transplant site on survival, 186
vein, femoropopliteal, for limb salvage, 162

H

Halsted, William and Theodore Kocher: an exquisite friendship, 630
Health insurance, national, panel on, 571
Heart, congenital disease of, surgical correction in the adult, 448
myocardial revascularization, 331
Heidenhain pouch acid secretion, feeding stimulated, effect of proximal gastric vagotomy on, and gastrin release, 647
Heparin, low dose failure to prevent pulmonary embolism after hip surgery or above the knee amputation, 468
Hernia, iatrogenic internal, involving the iliac artery, 49

traumatic diaphragmatic, delayed presentation, 229
Herpesvirus(es), infections with clinical manifestations after kidney transplantation, 234
Hip surgery, above the knee amputation or, failure of low dose heparin to prevent pulmonary embolism after, 468
Human wound fluid, antibiotic concentration in, after intravenous administration, 202
Hypoxemia, transfusion and, relationship between, in combat casualties, 513

I

Ileostomy, temporary loop, in the treatment of Crohn's disease, 706
Immunity, cell-mediated, effects of protein depletion and repletion on, in experimental animals, 791
Immunologic abnormalities and infection, a sequential, prospective analysis of, following thermal injury, 809
Immunosuppressive polypeptide, sepsis with, association in the serum of burn patients, 209
Infection(s), fungal, in renal transplant recipients, 598
wound, clinical pharmacology of intravenous and intraperitoneal aminoglycoside antibiotics in the prevention of, 66
Inhalation injury, an increasing problem, 34
Intestine(s), gastrointestinal fistulas, external, management of, 460
Intravenous therapy, opsonic glycoprotein, prevention of liver reticuloendothelial systemic host defense failure after surgery by, 142
Ischemic injury, susceptibility of the pancreas in shock, 197
Ischemia, leg, following surgery for abdominal aortic aneurysm, 166

J

Jaundice, after renal allotransplantation, 783

K

Kidney, fungal infections in transplant recipients, 598
horseshoe, abdominal aortic surgery in the presence of, 71
transplantation, clinical manifestation of infections with herpesviruses after, 234
transplantation, colon perforation after, 109
vasculature, incidence of anatomical varients in, in the presence of normal renal function, 83
Kocher, Theodore and William Halsted: an exquisite friendship, 630

L

Limb salvage, sequential femoral-tibial bypass grafting for, 685
Liver, allotransplantation, jaundice after, 783
biliary atresia, portoenterostomy procedure for, 351
hepatic inactivation of vasoactive intestinal peptide in man and dog, 28
major resection for neoplasia, 363
obstruction, extrahepatic biliary by metastatic colon carcinoma, 593
reticuloendothelial systemic host defense, prevention of failure after surgery by intravenous opsonic glycoprotein therapy, 142
strictures, benign and malignant, use of siliastic transhepatic stents in, 552
transplantation, 129

M

Metoclopramide, relief of acute, persistent postvagotomy atony by, 439
Microorganism(s), opportunist, host defense against, following trauma, I. Studies to determine the association between changes in humoral components of host defense and septicemia in burned patients, 93
opportunist, host defense against, following trauma, II. Changes in complement and immunoglobulins in patients with abdominal trauma and in septic patients without trauma, 102
Muscle blood flow, following thermal injury, 778
Myasthenia Gravis, thymomas in patients with, 171

N

National health insurance, panel on, 571
Neoplasia, major hepatic resection for, 363
Nutrition, home parenteral, 394

O

Opsonic α_2 surface binding glycoprotein therapy, during sepsis, 521
Opsonic glycoprotein therapy, intravenous prevention of liver reticuloendothelial systemic host defense failure after surgery by, 142
Oxygen, reversible pulmonary toxicity, in the primate, 530

P

Pancreas, cystadenocarcinoma, clinicopathologic study of 21 cases, 679
pancreatitis, end-stage, chronic, 317
percutaneous cytodiagnosis of carcinoma of, and bile duct, 90

pseudocyst, operative strategy, 652
susceptibility to ischemic injury in shock, 197
Parathyroid glands, experimental cryopreservation and autotransplantation, 16
Parenteral nutrition, home, 394
Peptide, vasoactive intestinal, hepatic inactivation of in man and dog, 28
Pheochromocytoma, alterations in plasma norepinephrine concentration during surgical resection of, 758
Plasma norepinephrine concentration, alterations in during surgical resection of pheochromocytoma, 758
Pneumoperitoneum, postoperative, 769
Presidential address, Alfred Blalock, 255
Proctectomy, endorectal mucosal resection without, as an adjunct to abdominoperineal resection for nonmalignant conditions, 245
Profundaplasty, autogenous, 817
Prostheses, arterial, preclotting of porous, 611
Protein depletion and repletion, effects on cell-mediated immunity in experimental animals, 791

R

Reconstructive surgery, partial, preoperative estimation of runoff in patients with multiple level arterial obstructions as a guide to, 663
postmastectomy, 773
Rectum, colorectal operations, elective, veterans administration cooperative study on bowel preparation for, 249
endorectal mucosal resection without proctectomy as an adjunct to abdominoperineal resection for nonmalignant conditions, 245
Reflux, gastroesophageal, in duodenal ulcer patients before and after vagotomy, 804
Resection, abdominosacral, for carcinoma of the mid-rectum, 475
Revascularization, myocardial, 331

S

Sepsis, amino acid derangements with, 423
association with immunosuppressive polypeptide in the serum of burn patients, 209
opsonic α_2 surface binding glycoprotein therapy during, 521
Serum gastrin responses, gastric acid and, effect of selective proximal vagotomy and truncal vagotomy on gastric acid and serum gastrin responses to a meal in duodenal ulcer patients, 431
Shock, ischemic injury in, susceptibility of the pancreas to, 197
Shunt, distal splenorenal, randomized, controlled trial of, 271
side-to-side portacaval, treatment of Budd-Chiari syndrome by, 494
Shunt procedure, iliac-mesenteric-atrial for Budd-Chiari syndrome complicated by inferior vena caval thrombosis, 642
Spleen, splenectomy, thrombotic thrombocytopenic purpura and, 701
Stents, siliastic transhepatic, use in benign and malignant biliary strictures, 552
Stomach, gastric patch, results with esophagocardioplasty in the treatment of esophageal achalasia, 38
gastrointestinal fistulas, external, management of, 460
ulcer, duodenal, effect of selective proximal vagotomy and truncal vagotomy on gastric acid and serum gastrin responses to a meal in patients with, 431
use as an esophageal substitute, 606
Surgery, elective, second opinion program, 323
pediatric, care of vascular endothelium in, 216
vascular, antibiotic prophylaxis in, 283
Syndrome, Cushing's, surgical management with emphasis on adrenal autotransplantation, 290
Zollinger-Ellison, 23 years later, 384

T

Thermal injury(ies), severe, immunologic abnormalities and infection following, a sequential, prospective analysis of, 809
muscle blood flow following, 778
Thrombosis, inferior vena caval, iliac-mesenteric-atrial shunt procedure for Budd-Chiari syndrome complicated by, 642
Thrombotic thrombocytopenic purpura, splenectomy and, 701
Thymomas, in patients with myasthenia gravis, 171
Thyroid, carcinoma, medullary, provocative agents and the diagnosis of, 139
graft(s), influence on histocompatibility and transplant site on survival, 186
Toxicity, reversible pulmonary oxygen, in the primate, 530
Transfusion, hypoxemia and, relationship between, in combat casualties, 513
Trauma
host defense against opportunist microorganisms following, I. Studies to determine the association between changes in humoral components of host defense and septicemia in burned patients, 93
host defense against opportunist microorganisms following trauma, II. Changes in complement and

immunoglobulins in patients with abdominal trauma and in septic patients without trauma, 102

U

Ulcerative colitis, cancer risk in, 824
Ulcer(s), duodenal, gastroesophageal reflux in patients before and after vagotomy, 804
University selection, criteria for future surgical leaders, 114
Utilization review, dynamics of, 544

V

Vagotomy, gastric, proximal, effect on feeding stimulated Heidenhain Pouch acid secretion and gastrin release, 647
gastroesophageal reflux in duodenal ulcer patients before and after, 804
selective proximal and truncal, effect on gastric acid and serum gastrin responses to a meal in duodenal ulcer patients, 431
Vascular endothelium, care in pediatric surgery, 216
Vein(s), surgery, antibiotic prophylaxis in, 283
human umbilical and autogenous, as canine arterial bypass grafts, 158
Vein graft(s), autologous, postoperative changes in, 1
femoropopliteal, for claudication analysis of 100 consecutive cases, 79
Veterans administration, cooperative study of bowel preparation for elective colorectal operations, 249

Z

Zollinger-Ellison Syndrome, 23 years later, 384

Annals of Surgery (ISSN 0003-4932) is published monthly for $27.00 per year for the United States and its possessions; resident rate (U.S. only) $19.00; all other countries $37.00; by J. B. Lippincott Co., East Washington Square, Philadelphia, PA 19105. Second class postage paid at Philadelphia, PA and at additional mailing offices.

POSTMASTER: Send address changes to Annals of Surgery, J. B. Lippincott Co., East Washington Square, Philadelphia, PA.

Single copies $5.00. Copyright © 1978 J. B. Lippincott Co. Printed in U.S.A.
